

You can use the Locke Supply online **catalog** to quickly search for the products that you need.

1. Go to [www.LockeSupply.com](http://www.LockeSupply.com)
2. From any page you can find products by typing a Lock part number, a name, or a manufacturer part number in the **search box**.
3. A **suggestion box** will pop up showing possible matches to your search. You can then **click** on a suggestion or press the **ENTER** key to search the entire website.

4. After pressing the ENTER key, you can filter your search results by
  - a. Selecting a Category from the results list
  - b. Selecting a Manufacturer from the results list
  - c. Type text to search within your results

5. After selecting a filter, you can continue to narrow down your search results by
  - a. Selecting a Filter from the results list
  - b. Type text to search within your result
